Villa Pateh, Sikao – Trang

A Quiet Local Retreat with Andaman Nature, Gastronomy, and Community Culture

Villa Pateh is a small seven-room stay in Sikao, Trang, on the quiet Andaman coast of Southern Thailand. Inspired by Trang's old heritage homes, the property is designed as a calm and homely space where travellers can slow down and feel the warmth of local life.

The hotel is located **90 minutes from Krabi Airport and 45 minutes from Trang Airport**, with **private airport transfer** available for guests.

A Peaceful Andaman Experience in Trang

Trang offers the same Andaman beauty as well-known destinations, yet remains quieter and more authentic. The peaceful atmosphere, gentle pace of local communities, and sincere hospitality make it a meaningful choice for travellers who appreciate nature, culture, and simple comfort.

Villa Pateh focuses on **experience-based stays connected to local life**, creating a slow and gentle journey that many travellers value — whether travelling as couples, families, or small private groups.

Embracing the Local – Experience Stay

Our concept, “**Embracing the Local**,” is created through close collaboration with the Bohin community. Guests can enjoy:

- **Local gastronomy experiences** – hands-on cooking with local families, Southern Thai flavours, and Trang's unique food culture.
- **Foraging and coastal life** – joining fishermen for foraging, crab catching, squid fishing, Sand Whiting, and exploring Thai herbs and coastal plants.
- **Nature restoration activities** – seagrass and mangrove restoration and community-led conservation.
- **Cultural crafts** – pandanus weaving, local handicrafts, kite making, and shadow puppet (Nang Talung) introduction, sometimes with small community performances.
- **Slow village lifestyle** – morning walks, birdwatching, sunset kayaking, and quiet time by the sea.

Every activity is small in scale, sincere in approach, and designed to support local families directly.

Andaman Activities

Only **10 minutes from the community pier**, guests can conveniently explore the Andaman Sea example

- Koh Rok : The Queen of Andaman Seas

And other

Nearby **Boonkong Bay** offers ancient cliff paintings, calm waters, and a natural hot spring hidden in the mangrove forest — a peaceful area still free from large crowds.

Gastronomy & Culture in Trang

Trang has a rich blend of **Thai–Chinese–Muslim influences**, reflected in daily life and food traditions. Highlights include:

- Trang-style breakfast culture: dim sum, roasted pork, and local spices
- Traditional bakeries and generational food stories

These experiences offer travellers a deeper understanding of Trang's cultural identity beyond the coastline.

With only seven rooms — suite, family, and deluxe — Villa Patch offers privacy, space, and a warm, homely environment. Guests often enjoy slow mornings, vinyl music, and simple moments surrounded by nature and community life.

The property is suitable for travellers seeking peaceful stays, local learning, and a quiet extension after visiting Krabi or Phuket.
